As marijuana gains mainstream acceptance, more than likely the average cop hasn't kept up with the evolution of cannabis over the past 10 years. Taught by veteran DRE instructors, **420 4 Patrol** is an 8-hour class designed to get patrol officers up to speed in this dynamic legal and social environment. We will cover different types of cannabis and paraphernalia, roadside field sobriety testing, interviews and interdiction, cannabis impairment, the endocannabinoid system, the legal environment, and more. Cannabis popularity and acceptance will only increase, it is imperative law enforcement learn more about cannabis before full legalization is the law of the land.
