SPSC is an intensive police management and leadership program that helps prepare mid to upper-level personnel for senior command positions. SPSC combines academic principles with practical applications and focuses on a range of critical leadership and management areas, including planning and policies, media relations, organizational behavior, budgeting and resource allocation, human resources, contemporary policing, and more. Expert instructors not only teach the important topics, concepts, and strategies necessary for leadership and managerial success — but also discuss how to effectively implement these strategies, apply the concepts, and lead situations where the problems are real and agency performance outcomes are critical.

Students who successfully complete SPSC are better prepared to:

- Think globally rather than remain task-oriented
- Deliver services effectively and efficiently
- Successfully accomplish projects and tasks with people / teams
- Analyze the environment
- Mitigate legal exposure
- Develop systems of accountability

Prerequisites:

Participants should have at least two years of supervisory experience and be prepared to complete upper-class level (i.e., 3rd / 4th year) university course work. This means that students are able to:

- Write a research paper
- Perform arithmetic operations and understand elementary algebraic notation
- Read, comprehend, and retain assigned materials based on textbooks, professional journals, trade magazines, and other sources
- Schedule time to complete out-of-class reading and writing assignments

Completion of Supervision of Police Personnel is highly recommended.

Registration:

In addition to registering at the WCTC link (left) participants will also need to create/update their account with NUCPS **before 12/14/22**. Go

to: <https://sps.northwestern.edu/center-for-public-safety/>

Look for Leadership and Management classes – SPSC On-the-Ground – Then on the left “Please login or create an account.” No need to add a class to your cart as it will not be listed on their website in order to limit registrations.
