This class is offered to Wisconsin Law Enforcement Officers to assist with minimum handgun requirements. Upon successful completion of the handgun training, the officer will meet the DOJ Requirement for annual firearms qualification from 7/1/22 to 6/30/23.

This class is also offered to qualified retired law enforcement officers for annual HR218 qualification.

Materials/Equipment Needed:

Each officer will need a minimum of 30 rounds for the Qualification Course. It is recommended that the officer bring additional rounds for any section of the qualification course that is not successfully completed on the first attempt. No steel or aluminum casings or steel bullets are allowed.

Participants will need their duty belt, handgun, ballistic vest, eye protection, ear protection (muffs), and two spare magazines. Only strong side holsters are allowed (no ankle holsters, cross draw, etc.).

Prerequisites:

This training is for certified law enforcement officers currently affiliated with a law enforcement agency and/or qualified retired law enforcement officers.

This class does not allow time for practice shooting and is for qualification purposes only. Please practice in advance if necessary.

Credit:

Upon successful completion, officer's results will be entered into Acadis.

Qualified retired officers will receive a Qualification Certificate valid for one year from the qualification date.
