*"The class was excellent being able to
interact with the recruit officers."*

*"Great training. Incorporating us into
the 720 was amazing."*

*"Instructors actually exceeded my
expectations. I could tell the
progression of myself and classmates."*

Running effective and safe training exercises is one of the most important skills for a law enforcement instructor to possess.

A Scenario Instructor is required in all DOJ academy exercises that include simulated or actual use of force and ***strongly recommended*** for department run exercises as well.

This training will enable instructors to do the following with confidence:

- Conduct in-house training scenarios that allow for critical thinking and decision making.
- Establish clear objectives for scenario exercises that will help determine the performance of those completing them.

After completion of this course, instructor candidates will also be certified to assist with Law Enforcement Academy End-of-academy scenario training and scenario testing in the role of an Exercise Control Officer and a Safety Coordinator.

Instructors will walk away with an understanding of what it takes to design, setup, and run effective and safe police training.

This course is highly recommended for instructors who have completed IDC even if you haven't obtained certification in other unified tactics.

Prerequisites:

- Completed (CJ-IDC) or current certified LESB instructor
- DOJ Instructor Training Course Application ([See below*](#))

Equipment:

- Safety Glasses

**Please ensure to email a completed DJ-LE-336, copy of IDC certificate and 1st page of ACADIS training record to mqurgul@wctc.edu prior to 11/13/26 to complete your registration process.*
