"Provided great insight for me as a new supervisor (Lieutenant) as to how to approach managing employees in my unit."

Attendee April 2025

This course focuses on essential functions of law enforcement supervisors specifically related to detective/investigator performance and criminal investigations outcomes. It aims to enhance agency outcomes by enabling investigative supervisors to improve the performance of investigators, investigative units, and/or taskforces.

Topics includes:

- Fundamental principles of investigation
- Evaluation of investigative work and performance
- Information management
- Leadership and supervision of criminal investigators
- Prioritization of investigations and investigative resources
- The struggle of Specialties vs. Specialists
- Caseload and performance management
- Managing open cases and investigative follow-up
- Assessing solvability factors
- Selection and evaluation of new investigators
- Understanding the charging conference, and more

Who Should Attend:

This course is designed for investigative supervisors, senior officers and others who are responsible for overseeing criminal investigations, investigative performance, case screening, case management, investigative supervision and prioritizing task assignments.

Required Equipment:

Laptop (w/power cord) with Windows 11 or newer, Google Docs and Wi-Fi enabled

Instructors:

Victor Beecher is a 26-year veteran of law enforcement and has over 20 years of teaching experience for agencies in Wisconsin and across the United States. Victor is a former Detective, Lieutenant of Detectives, Captain and Police Training Director. His teaching experience includes many professional certifications, a former certified instructor for the State of Wisconsin and Northwestern University courses Supervision of Police Personnel and School of Police Staff and Command. He has been teaching this course and others for over two decades.
